

# THE BRITISH ACCREDITATION COUNCIL (BAC) SURVEY FEEDBACK

The British Accreditation Council (BAC) is an internationally recognised external quality assurance body that reviews Higher Education Institutions' quality practices. The IIE has been accredited by the BAC since 2014. Having BAC accreditation does not, however, mean that students can automatically study or work in other countries. Each Higher Education Institution decides for itself if it will accept or recognise qualifications.

## 14 850 RESPONSES

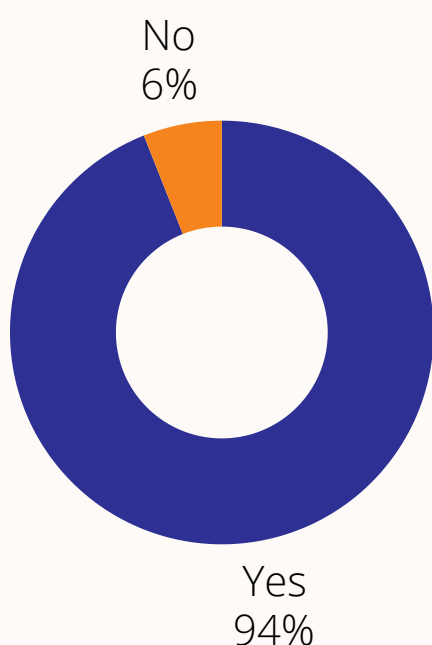

14 850 students responded to the survey across The IIE.

### KNOWLEDGE OF THE BAC

45% of you knew who The BAC is

### IMPORTANCE OF THE BAC ACCREDITATION
