

## **CHIETA Project Deliverables Reconciliation:**

**Date: 2025/06/07**

### **Summary:**

- Admin feature by Billy nearly completed, just minor bug fixes, and direction.
- Assessor developer features by Blessing completed 95%, just waiting for other endpoints from other pages.
- Outstanding: ETQA page; Moderator endpoints; Student Portal and QCTA endpoints.

---

### **Admin Functionality-Person of contact Billy Matemba**

1. Assignment of user roles,
2. creation of assessments
3. hashed password creation,
4. database storage
5. and user activation
6. and deactivation features.

### **Completed Functionality- person of contact: Blessing Mbalaka Task: Assessor Developer:**

- Assessment creation via upload or AI-generation.
- Automated EISA ID generation.
- Moderator handoff: assessor → moderator.
- Full filtering & CSV export for archive.
- Interactive reports for tool metrics.
- Moderator feedback loop with status tracking.
- Checklist & compliance stats for QCTO requirements.
- Creating Logic that posts the Paper to the various stakeholders
- Paper creation feature done
- Styling the pages based on the team's needs.
- Database storage for creation of questions and casestudies
- Joining the apps into one file
- API for PDF to json, question generation with AI
- Creating paper with random logic from question bank
- Paper tracking logic.
- Assessment tracking is working.

**Status 95% completed. Just need to get endpoints from other pages to make this fully functional.**

---

### **In development-Person of contact Blessing Mbalaka**

- **ETQA Integration:** Views & workflow for "Submitted to ETQA" and ETQA approvals. Views and logic already done.
- **Only thing outstanding is the feedback and approval and comments endpoints.**
- **Admin: Assignment of user roles and creation of qualifications completed.**
- **Model migrations then the app will be fully functional.**

**This is the remaining 5% that will make the Assessor developer fully functional**

---

**QCTO: Not started-person of contact not yet assigned**

1. Endpoints for feedback needed. Aside from that, its good.

**Student Side: Not started-person of contact not yet assigned.**

1. Writing exams
  2. Viewing results
-
